jQuery - form submit and start new process I have this form in my page: Now the submit button should not submit the form, just start new process. My php code for test.php: How can I achieve this? A: You could use a hidden field. Then you could get their values like this: `$(document).ready(function() {`

`$("#test").submit(function() { var id1 = $("#myInput").val(); var id2 = $("#someid").val();`
